# Germany Seeks Peace President on Coast Defense

### Kaiser's Ambassador Discusses the Franco-German Dispute---Refers to Certain Reports.

### William Would Establish and Maintain the Open Door in Morocco and Will Employ all Honorable Means to Bring the Conference to a Satisfactory Conclusion.

Washington, March 6.—Baron Speck von Sternberg, the German ambassador, takes exception to the criticisms of Germany's course at Algiers and to the charges that the German emperor is seeking there an excuse for trouble with France rather than an agreement about Morocco. The ambassador issued a statement in which he denied in most emphatic terms the charge that Germany wanted war. "It was for the specific object of reaching a peaceable arrangement that my government urged the conference at Algiers," he said. The ambassador declared that Germany was contending for a very important principle at Algiers. "Important as is the German trade with Morocco," he said, "the commercial side of the question is of secondary consideration. Germany's policy has been and is to preserve the status quo in all countries whose rights rest on the laws of nations. It is this policy alone which has enabled Emperor William to maintain peace in Germany since the time he became the leader in Germany 19 years ago and keep her out of the wars in which the great powers have since been engaged."

Baron Sternberg stated that in the light of malicious reports from European sources, he felt it his duty to give the facts about Germany's contentions at Algiers on the main point at issue (that of the policing of Morocco). "That Germany stands for the

## PRAIRIE FIRES

### Devastate a Rich Section of Texas---Million Dollar Loss.

Austin, Texas, March 6.—Information was received here to the effect that most disastrous prairie fires had swept the extreme western section of the Panhandle for the past three days entailing a loss up to the present time of upwards of one million dollars. The fire did most damage in Lamb and Hockley counties, burning many acres of land and destroying hundreds

of head of cattle. Inasmuch as it will be six weeks before the spring grass will come forth, it has been found necessary for all cattlemen in that section to move their cattle into New Mexico for range purposes, which means considerable loss to them. It is estimated in the past three days 500,000 acres of land have been burned over.

## Haugh Prayed Lord For Mercy

### While He Stood Bemoaning the Fate of Mother, Father and Brother, Said the Witness.

Dayton, Ohio, March 6.—In the Dr. Haugh trial today, Mrs. Hannah Farrell gave a minute description of the interior of the Haugh home. "In front of the house I met Dr. Haugh," she said, "and asked him where his

folks were. He replied that they were in the house."

Mrs. Farrell testified that one of the women present, upon hearing the remark of Dr. Haugh in regard to burying the bodies in one box, said: "Indeed, your mother shall not be buried in a common box. She was too good a woman to be buried that way."

Mrs. Farrell said that after the fire Dr. Haugh moaned and prayed and kept repeating, "Oh, my mother, my father and my brother!" "Have mercy on me," she said that she said to him, believing him to be sincere: "Pray on, boy, that's all you can do now."

The only witness called this afternoon was John Vaneman, who was a neighbor of the Haugh family. He said that the first person he saw at the fire was Dr. Haugh, whom he asked twice as to the whereabouts of his parents before receiving a reply, and then Dr. Haugh waived his hand toward the burning house and said: "In there." He said that he heard Haugh say that he was in great mental torture; that he saw the smoldering bodies in the cellar, and that between 9 and 10 o'clock he started to the city to bring Haugh to this hospital. He said that on the preceding day (Saturday) he had gone hunting with Dr. Haugh, and that he did not notice anything unusual in his conduct on that day.

### VICTIM OF DEADLY FLYER.

Another Man, Although Warned, Killed at Upper Sandusky. Upper Sandusky, O., March 6.—A track walker yesterday passed Emmet Bowsher, a young farmer, walking on the Pennsylvania railway track near where a man was killed two weeks ago by the flyer. He told Bowsher to be careful, that the flyer was due. Bowsher replied that he knew it. Within three minutes the flyer went through the town at ninety miles an hour and after it had passed Bowsher's body was found beside the track.

### Mrs. Paul Morton Narrowly Escapes Injury.

### FIVE PEOPLE WERE INJURED. THE MOTORMAN SERIOUSLY.

Mansfield, Ohio, March 6.—By the ditching of the engine, caboose and car of the Walwhonding work train early this morning at Wolf's gravel pit, near Uncas, Knox County, Fireman J. H. Blauzey, of Woodville, had his leg broken, skull fractured and his body scalded so badly by being pinned beneath the engine that he died.

### PRIVATE CAR

Of Mrs. Paul Morton Was in the Train Wrecked in Southwest.

Albuquerque, N. M., March 6.—Santa Fe Passenger Train No. 1, Westbound, was wrecked at Toltec, N. M. Eleven persons were injured, several seriously. Five cars, including one tourist car, left the rails.

The private car of Mrs. Paul Morton, wife of the President of the Equitable Life Assurance Company, was in the train, but it did not leave the rails, and Mrs. Morton escaped with a severe shaking up.

### FISHPLATE

Was Broken, Causing a Wreck in Which Twenty Were Hurt.

Raleigh, N. C., March 6.—A passenger train on the Ashboro Division of the Southern Railway was wrecked near High Point, N. C. two day coaches and a box car being hurled down a steep embankment. About a score of persons were hurt, Conductor Beckburns, Captain McKnight, of Greensboro; E. L. Ruid, of Winston, N. C., and Mail Clerk Frazier received the worst injuries. Later reports may indicate that their deaths are not unexpected. The train was running at ordinary speed when it struck a broken fishplate, which led to the derailing.

### Arrested in This City, is on Trial at Winchester.

### NIGHT POLICEMAN LANDERS IDENTIFIES HIM AS MAN WHO HELD THE REVOLVER AT HIS TEMPLE.

And Pointed Out Picture of Harry Slater as a Likeness of the Leader of the Gang—James Donovan, Also Arrested Here, Will Be Tried After Burke's Hearing.

Winchester, Ind., March 6.—The trial of Michael Burke, who was arrested in Toledo recently charged with complicity in the Ridgeville (Ind.) bank robbery, of last October, was commenced in Circuit Court here yesterday.

Charles Horneck and Robert Stine, section men of Ft. Recovery, Ohio, identified Burke as one of three men who camped in the woods near the Lake Erie and Western tracks, the second morning after the robbery, and told of a canvas money bag and a silver quarter being found there later.

Minor Reed, of Farmstead, testified to seeing Burke in and near Ridgeville the day of the crime.

Night Policeman Landers, of Ridgeville, told of his being bound, gagged and blindfolded by two men. He identified Burke as the man who held the revolver at his temple and pointed out a picture of Harry Slater, who was later killed in Lima, Ohio, as a likeness of the leader of the gang James Donovan, who was arrested in Lima and is in jail here under a similar indictment, will be tried at the conclusion of the present hearing.

Washington, March 6.—Accompanying plans for coast defense prepared by a joint board of army and navy officers, the president sent a message to congress in which he emphasized the necessity for further defenses and reviews the history of the defensive works in this country. The president calls especial attention to the recommendation of the board that the entrance to Chesapeake Bay be added to the list of places in the United States to be defended. He says the insular possessions cannot be longer neglected if the United States desires to hold them. Defenses are recommended for Manila Bay, Pearl Harbor, Guantanamo, Guam, San Juan and Honolulu because of their strategic locations. Defenses are recommended also for entrances to the Panama canal.

Concluding, the president makes the following remarks: "The necessity for a complete and adequate system of coast defense is greater today than twenty years ago, for the increased wealth of the country offers more tempting inducements to attack and a hostile fleet can reach our coast in a much shorter period of time. The fact that we now have a navy does not in any wise diminish the importance of coast defenses; on the contrary, that fact emphasizes their value and necessity for their construction. It is an accepted naval maxim that a navy can be used to strategic advantage only when acting on the offensive, and it can be free to so operate only after our coast defense is reasonably secure and so recognized by the country. It was due to the securely defended condition of the Japanese ports that the Japanese fleet was free to seek out and watch its proper objective—the Russian fleet—without fear of interruption or recall to guard its home ports against raids by the Vladivostok squadron. This, one of the most valuable lessons of the late war in the east, is worthy of serious consideration by our country with its extensive coast line, its many important harbors and its many wealthy manufacturing coast cities."

### House Pure Food Bill.

Washington, March 6.—After a conference lasting for more than eight hours the house committee on interstate and foreign commerce agreed on a pure food bill which will be favorably reported to the house. In many respects it is like the Heyburn bill passed by the senate and the committee agreed to let it have the name and number of that measure, but amended it by adding some provisions of the Heyburn bill, and suggestions of members of the house committee. One of the most vital amendments to the Heyburn bill is a provision that in fixing standards of food products for the guidance of officials charged with administering food laws, the secretary of agriculture shall also consult the committee on food standards of the association of state dairy and food departments.

### Confer With the President.

Washington, March 6.—Senator Clapp, one of the men who assisted in framing the Heyburn rate bill, was at the white house and discussed the situation with the president. It was expected that Senator Dolliver would participate in the conference, but he was detained at his home by illness. Senator Clapp would not discuss his interview with the president, but said that so far as he was concerned no proposition had yet been submitted that he thought would improve the bill as it stands.

# REGULATION OF INSURANCE

### Number of Life Measures Introduced by Statesman Stewart---Author Discusses Purpose.

### Another Street Railway Franchise Bill By Representative Metzgar--Anti-Pass Proposition By Senator Lamb---Proceedings of the General Assembly.

Columbus, O., March 6.—Representative Stewart, of Clarke county, introduced in the house sixteen insurance reform measures. The author, discussing the bills, said, "They are drawn in close conformity to the bills recommended by the Armstrong committee to the New York legislature. One establishes standard statutory forms of life insurance policies. Another bill prohibits contributions by corporations to political campaigns and another regulates lobbying of such corporations before the legislature. Another is designed to secure enlarged publicity in the management of life insurance companies. The special interests of policyholders are protected by the bills fixing a limitation upon the expenses of management of life insurance companies and the regulation of compensation of officers and other employees. Another bill prohibits deferred dividends and provides that annual distributions shall be made to holders of participating life policies, thus preventing the accumulation of enormous surpluses. A separate bill provides a method for the conversion of stock life insurance into mutual insurance and prohibits a company from issuing both participating and non-participating policies. Another bill limits the gross amount of insurance of any one life, another requires the policy to contain the entire contract, and another prohibits false estimates as to the earnings upon a policy or the

character of policy offered."

The house by a vote of 48 to 27 rejected the taxation committee of further consideration of the Aiken bill to increase the Dow tax to \$1,000.

A house resolution was offered by Mr. Hill to have the state of Ohio apply to congress to call a convention to amend the United States constitution so that United States senators may be elected by direct vote of the people.

Senator Lamb fosters a measure making it unlawful for United States senators and congressmen from Ohio, or any state, county, municipal or township officer, or member of board of education, to accept any pass or franking privilege, or reduced rate other than extended to the general public, and to make it unlawful for any company to extend such privilege.

Representative Stockwell offered a companion-piece to the street railway municipal ownership bill which he introduced some time ago and on which a final hearing was held before the house committee on cities last night. The latter authorizes municipalities to construct or acquire and own and operate street railways and the former measure, just introduced, provides the ways and means for the city to construct or purchase a street railway system.

### Metzgar's Bill.

Mr. Metzgar, of Cuyahoga, father of the street railway measure that met defeat in the house last week, has introduced another franchise bill. His

# WOMAN

### Attempts to Kill Russian Governor--Bomb In Her Hair

Moscow, March 6.—A boldly planned attempt on the life of Vice Admiral Doubasoff, governor general of Moscow and member of the council of the empire, was frustrated here. As in the case of Vice Admiral Choukln, who, on February 9 of this year, was the subject of a terrorist attack, the would-be assassin was a woman and her method was practically the same as that of the woman who attempted the life of Choukln. Representing

that she came from personal friends of the governor general, she gained admittance to the chancellery, but her agitation attracted the attention of an aide who noticed particularly the luxuriance of the woman's hair, which was coiffed high upon her head. When she was interrogated she attempted to flee, but was seized and searched and a small bomb was discovered concealed in her tresses. The identity of the woman has not been established.

## FEW CITY AFFAIRS

SOME OF THE TRANSACTIONS  
AT LAST NIGHT'S SESSION OF  
THE CITY COUNCIL.

### Law and Order League.

Springfield, O., March 5.—With 250 representative citizens present, the Citizens' League for the enforcement of law was organized at a meeting in the Commercial club rooms. Former Mayor Milligan, brother-in-law of Vice President Fairbanks, was elected president and W. W. Wilkmyer, secretary. Those whose property has been destroyed in the recent riots have encountered a queer legal proposition. Owing to a defect in the Ohio laws, they cannot recover damages from city, county or state. It is probable that a bill will be introduced at once in the legislature to remedy this defect. The suffering property owners are also in some cases barred from making collections from insurance companies owing to prohibitive clauses.

### State Springs Surprise.

Cochecton, O., March 5.—The state spring's connection in its opening statement in the trial of Ben Dickerson, before Judge Bacon, for the alleged murder of Mrs. Katherine Hughes, when Prosecutor James Glenn asserted that the state has an eye-witness to the deed in the person of Thomas McCoy. He further asserted that other witnesses would testify to having seen Dickerson leave the scene of the tragedy.

### Ohio Youth Killed.

Mt. Carmel, Pa., March 5.—One of the men killed in the station of the Southern railway has been identified as Nace Gillen, of Youngstown, Ohio, who played for two seasons on the football team of Notre Dame university, South Bend, Ind. The second victim of the bullets of J. E. Murphy and Charles Douda died without regaining consciousness.

### Reservoir Case.

Wapakoneta, O., March 5.—At the beginning of the second week of the reservoir dynamite case against Isaac Shepley, the state rested. Attorneys for the defendant made a motion to take the case from the jury, which was overruled. The defense will be made along two lines, the establishment of an alibi and the discrediting of the state's testimony.

### Caught in Belt.

Shawnee, O., March 5.—Joseph Weedy, 22, met death at the Ohio Mining and Manufacturing company's brick plant. While he was putting a belt on a pulley his clothes caught in the belt and his body made several

revolutions over the shaft. His body was badly mangled and nearly every bone was broken.

### Streetcar Cut in Two.

Akron, O., March 5.—Eastbound passenger train No. 4, on the Erie railroad hit a streetcar in the heart of the city. The streetcar was cut in two and the four occupants were thrown fifty feet, but none was fatally injured. W. H. Meeker, the motorman, was seriously injured, but will recover.

### Glass of Beer Causes Suit.

Marion, O., March 5.—A glass of beer caused a suit for \$3,000 damages against William P. Murphy, saloonist, by Mrs. Frank Goodman. Murphy sold to Goodman after the man had been blacklisted. In the court of common pleas Mrs. Goodman got judgment for \$500. Murphy has appealed.

### Patient Ends His Life.

Bowling Green, O., March 5.—T. H. Ward, a well known Wood county politician and business man, committed suicide in the sheriff's residence by shooting himself in the forehead. Mr. Ward had been under treatment at a private sanitarium in Columbus for several months for paresis.

### Wanted in Pennsylvania.

Niles, O., March 5.—August Jonas, alias Charles Miller Jones, a glass manufacturer at Kittanning, Pa., was arrested here charged with having concealed \$20,000 after swearing to a petition in bankruptcy. The authorities at Pittsburgh have been searching for Jones for the past six months.

### Boy Asphyxiated.

Columbus, O., March 5.—While in the act of dressing himself, 17-year-old Herbert W. Cast, of Wilmington, O., was asphyxiated as he sat in a rocking chair beside the gas stove in his room in Washington avenue. The lad attended a business college here.

### Carnegie's Offer.

Gallipolis, O., March 5.—Andrew Carnegie has signified his intention to President John M. Davis to donate \$25,000 to Rio Grande college, a Baptist theological school at Rio Grande, this county.

### Aged Woman Cremated.

Cadiz, O., March 5.—Mary Ann Baxter, while alone in her room, was burned to death by her clothing catching fire from an open grate.

### EVERYBODY LIKES GOOD PIE.

There is no longer any excuse for poor pies on your table, as you should follow the lead of thousands and use D-Zerta Quick Pudding as a filling for pies. Try this recipe:

### D-Zerta Chocolate Cream Pie.

Prepare a package of D-Zerta Chocolate Pudding according to directions on package, adding one-half cup of sugar. Put in crust which has been baked. Cover with meringue made with the whites of two eggs. This makes two large pies or three small ones.

All the flavors—Lemon-Tapioca, Vanilla, Orange-Macaroni, Chocolate and Strawberry, can be used in the same way, and bananas, coconut, etc., added as desired. D-Zerta Quick Pudding is also used as a cake filling and for a pudding dessert. Simply add a quart of milk to contents of one package, bring to a boil, cool and serve with cream and sugar. Order from your grocer. 30 cents per package.

### Vessel Abandoned at Sea.

Boston, Mass., March 5.—Captain John E. Milburn and crew of the British steamer City of Gloucester were landed here by the Norwegian bark Gerd from Bristol, England, the steamer having been abandoned March 2. The City of Gloucester left Huelva, Spain, on February 8 with iron ore for New York, but was so badly pounded by the heavy seas the latter part of February that she sprung a leak. In addition she ran out of coal on March 2. When the Gerd hove in sight, the City of Gloucester was abandoned.

### Case Dismissed.

Washington, March 5.—On motion of Solicitor General Hoyt, the supreme court of the United States dismissed the case of Cortelyou vs. Mayor Romero. The case grew out of the closing some years ago of the postoffice at the town of Las Vegas, N. M., on an order from the postmaster general. The courts of the District of Columbia issued a writ of mandamus compelling the opening of the office, and the post-office department having accepted that ruling withdrew the case.

### Husband Held.

Vincennes, Ind., March 5.—La Fayette Kinnean, of Elkhart, will be held pending an investigation as to the cause of his young wife's death. Mrs. Kinnean died in childbirth in terrible agony. The finding of a poison bottle in the room and certain mysterious actions surrounding the case noticed by five attending physicians led to the arrest.

## CAUSED A PANIC

### Fire Fills a Playhouse With Smoke During a Performance.

Logansport, Ind., March 6.—While the play "When Knighthood Was in Flower" was in progress at Logansport, a fire in an adjoining building filled the playhouse with smoke and created a panic in the audience. Only the presence of mind of Rosella Knott, the leading woman, prevented a stampede. She stepped to the footlights and in clear, distinct tones announced that there was no danger as the fire was a small one in an adjoining building.

Smoke poured into the auditorium, however, and many men and women hurriedly left the theatre. The actors forgot their lines and the second act ended abruptly. On the stage near the fire all was confusion. Frightened actresses appeared at the window and at the stage door in flimsy attire and the stage carpenters worked with a vim to get the scenery and effects from the building. The fire was soon extinguished.

## Amusements

In the coming engagement of "The Fortune Teller" which is to be presented at the Faurst Opera House tomorrow night by Milton and Sargent Aborn, local music lovers may look for a decided treat. Not only is the music of the opera charming and the book extremely bright, but the production is magnificent, being the one which Alice Neilson used when she presented this work with great success. The opera is in three acts, the first being placed in the conservatory of the Royal Opera House at Buda Pesth. The ballet class is about to rehearse when Count Berezowski, a Polish nobleman, enters excitedly, and taking the dancing master, Fresco, aside, confides to him that he has discovered documents to prove that one of the pupils is the heiress to a great fortune, and he proposes to marry her. His only clue is a bracelet, a snake with emerald eyes. Fresco at once makes a bid for a share of the fortune for assisting the Count to find the girl. When the class is called together they find it is none other than Irma, the hoyden of the class. The Count at once proposes marriage, and under coercion, Irma accepts, though she is in love with a young captain or musketeer. This same captain comes searching for Irma's twin brother, who is supposed to have deserted from the army. In order to save her brother from being shot as a deserter, and at the same time to escape herself from marriage to the Count, Irma disguises herself in her twin brother's uniform with the intention of taking his place, leaving a note for the Count, saying she has committed suicide. Fresco is enraged, as her disappearance spoils his chance of getting a lot of money from the Count. A band of gypsies happen along, and with them is a young fortune teller who is identical in looks with Irma. An idea strikes Fresco. He buys the fortune teller, Masette, from her father, and the party prepares for the wedding with the Count, who thinks she is the same girl.

## GROSS

Earnings of the L. E. & W. Railroad

FOR THE TWELVE MONTHS ENDING DECEMBER 31, WERE \$5,025,777.

Indianapolis, Ind., March 6.—The official statement of the Lake Erie and Western Railroad for the 12 months ending December 31 shows gross earnings of \$5,025,777, an increase over 1904 of \$27,769. The operating expenses were \$2,671,291, a decrease of \$21,882; net earnings, \$1,354,486, an increase in 1905 of \$49,541. Other incomes swelled the total to \$1,361,551, an increase of \$56,516. The surplus for the 12 months was \$117,660, a decrease of \$12,927. The freight earnings of the road showed very handsome gains. The passenger earnings did not show up so favorably, they being affected by the sharp trolley competition.

## PLAYERS SIGNED

FOR THE COMING SEASON IN THE INTERSTATE LEAGUE.

The signing of players is going merrily on throughout the new Interstate League, and some good time is being acquired. Many of the managers are, however, awaiting the wedding out process before announcing their teams, and this is particularly true of Lima, Muncie and Marion, Ind.

President Dickerson, of the league, has adjusted the difficulty with Kalamazoo, and that city has finally been awarded to the Interstate, which will have protection under the minor league agreement. The traction in every city have taken kindly

## SOUTH SIDE

INTERESTING HAPPENINGS IN THIS PART OF THE CITY

Two homes have been brightened by the advent of boy babies. Mr. and Mrs. Thornton Lincoln, of east Vine welcomed a little son yesterday. Mr. and Mrs. Fred McKinnon, of south Pine street, are the other proud parents.

A Pelligrini, who for several months has occupied the Nungesser building with fruit and confections, will today move into one of the Thompson rooms across the street, 331 south Main. We understand C. S. Peltier contemplates occupying the room vacated, moving his bakery from the corner of Elm and Pine.

W. Soms, representing the Gately & Donovan installment firm, of Saginaw, Mich., who formerly occupied the Williams room at 639 south Main has released it and will stock up in a day or two.

Helen, six-month-old daughter of Mr. and Mrs. Otto Rentzsch, of Central, died Friday afternoon and was buried Sunday. South Side people will remember the sorrowing mother as Miss Katharine, daughter of Rev. and Mrs. S. Baumgardner. Death resulted from typhoid.

Mr. and Mrs. Fred Cook, of Harrison avenue, entertained at supper Sunday evening Misses Ida Pape, Lena Edgcomb, Ella Little, and Messrs. Wm. Kanore and Scott Cramer. The day was Mrs. Cook's twenty-fourth anniversary, and she was the recipient of a number of presents from her admiring friends.

O. J. Halter is in Spencerville, called there by the death of a brother. The funeral was held this morning.

The Woman's Foreign Missionary society of Grace M. E. church will hold their annual thank-offering at the home of Mrs. B. G. Gantz, west Circular street, this evening. The men will be welcome on this occasion and a generous representation is solicited. A brief program will be given.

Mr. and Mrs. O. D. Haskell yesterday moved from 609 east Vine to 136 Harrison avenue.

F. L. Sawille, of west Vine street, spent Sunday with his mother in Ottawa.

Mr. and Mrs. Geo. Wellman, of New Knoxville, were Sunday guests of local relatives and friends.

Mr. and Mrs. Harley Mack, of west Kibby street, had as guests Sunday, his parents, Mr. and Mrs. Sam Mack, of Spencerville.

The condition of Veteran John Welker, of west Kibby street, is reported as critical.

Foraker's choice, while Dick would be satisfied with Gen. McMakin, of Toledo.

Col. Waldorf, it is understood, is willing to sacrifice his personal interests for another term in office and promises to play with Dick.

Mannington slipped into the race and had an interview with the president. After the interview he saw Foraker and Dick and secured a promise from them to support him for a federal position which the president would choose for him.

When Mannington made the proposition to the Ohio senators they took the bait and readily consented to do what he asked.

NOW THAT THEY HAVE HEARD THAT THE TOLEDO COLLECTORSHIP IS THE BIRTH OF THE PRESIDENT HAS SELECTED FOR MANNINGTON THERE PROMISES TO BE A LIVELY TIME.

Belongs to Dick. Under the division of federal patronage, the Toledo office belongs to Dick. It is understood he has been given assurance that he can name the collector. But since then Dick has deserted the administration on the Philippine tariff bill while Foraker has fought the president on the rate question.

Manington's entry looks as if the big stick were being pulled out to administer a few choice whacks to the two Ohio senatorial insurgents.

Manington does not live in the district. Both Foraker and Dick have candidates for the place.

George Quail, the Lima man, is to the game, and will add it to a large extent.

Jackson, Mich., has accepted the franchise of Kalamazoo in the Michigan League. C. E. Smith, a former Central Leaguer, who has signed with Ft. Wayne, has a record in the Iowa League, where he played last season and finished in five games. He allowed 45 hits, struck out 17 batsmen, gave 14 bases and won three of the five games.

Welter, a third baseman, from Louisville, has signed with Saginaw. He was two years in the K. I. T. League.

Ralph Brown, an outfielder, hailing from Chicago, has signed with Ft. Wayne, while C. H. Granger, a pitcher, is another recruit for the Indiana team. Ralph Larrimore, of Ohio, who was last season with Akron, has attached his name to a contract with Ft. Wayne, and will probably play the second sack.

Manager Con Strouthers is thoroughly satisfied with the arrangements here, the park site having been selected for the North End, and every assistance given him by the Schoepf and Western Ohio trolley syndicates, both of whose tracks will pass by the new park.

## FINDLAY GAMBLER PLEADS GUILTY

Galloway Fined One Hundred Dollars

And Sent to Jail—Informer Is Protected

PROSECUTOR DAVID'S SECRET SERVICE MAN PUTS IN BILL FOR \$100 UNDER FICTITIOUS NAME.

Findlay, Ohio, March 6.—Prosecutor Davis has landed more law-breakers. He learned that some men were conducting a gambling joint and he sent for them. Charles Galloway was taken before Judge Banker, of the probate court and pleaded guilty to running a gambling room. He was fined \$100 and in default of payment was given 30 days in jail.

Prosecutor David said Saturday, "As long as I am prosecuting attorney of Hancock county, there won't be a game of chance allowed within this jurisdiction." As he has about

three years yet before him, it looks bad for the gamblers in the vicinity of the Brilliant City.

Prosecutor David said that if anyone would give him information concerning any games that were going on he would do the rest.

Sallie Moore, May Gueneche and Kit Brown, who for fifteen years have conducted a liquor traffic at their homes, in the west part of the city, have given notice to the auditor that they will discontinue business. They were informed by the prosecuting attorney that they were violating the law and were liable to arrest under the search and seizure law.

County Auditor Sutton has received a bill for the expense of working up evidence against men charged with gambling and exhibiting gambling devices. The bill is for \$100 and is in favor of "Charles Smith," a fictitious person. It is said that the secret service man who looked up the evidence is a personal friend of Prosecuting Attorney David, and his name is being kept quiet so as not to incur the personal enmity of the saloon men and gamblers.

## CONVICTS AND THE ROADS.

If there is anything of which Ohio  
has more reason to be ashamed than  
of its dingy, disease-breeding peni-  
tentiary, it is its highways, that are  
in winter, dust in summer, and a  
torment and disgrace to all.

Roads are to business what the  
veins are to the blood in the human  
body. There can be no healthful  
activity unless they are open to free  
circulation.

Through good roads the produc-  
ers' profits are increased at the same  
time that his produce is made  
cheaper to its consumers. The  
benefits of good roads are shared by  
the most humble citizen and the  
most well-to-do. They enhance the  
value of land, divide the blessings  
of life more evenly between the dif-  
ferent sections, open the country  
districts to the city, the city and all  
their interests into one community.

Ohio is shamefully behind the  
time in this most important of all  
methods of development, shirking  
and leaving to the counties and  
townships what is a sacred duty of  
the state.

For many years New Jersey, Mas-  
sachusetts, Connecticut, New York,  
Vermont and several other states  
have had their state highway com-  
missioners and engineers and have  
appropriated liberally from the  
state treasury for public highways.  
The principle of state supervision of  
all highway construction has been  
making tremendous advances in all  
parts of the country in the last 20  
years, but Ohio seems not to have  
been amenable to the good influence.

Now, Ohio is confronted by op-  
portunity to rid itself of its ancient  
penal system and its ancient high-  
way system at the same time.

The old Ohio penitentiary has out-  
lived its day; so has the prison sys-  
tem under which it was built. It is  
time that both be abolished and the  
state's convicts be set to work build-  
ing highways.

Geotno is yearly using more and  
more of its convict labor upon the  
highways, the law providing that la-  
bor shall be apportioned to counties  
in proportion to their criminal re-  
presentation, and entirely available to  
any application by their com-  
missioners.

Some Ohio counties and munici-  
palities have at various times seen  
fit to put their own prison labor to  
the same purpose, with good results.  
All the larger cities and their coun-  
ties might profitably follow the  
good example and do for their  
streets and suburban roads what the  
state itself and the rural counties  
could do for the country highways.

Aside from the incalculable bene-  
fit which would come through good  
roads all over the state, young and  
old would be presented a strong ob-  
ject lesson by the convicts working  
at hard labor, which would morally  
teach the value of liberty and moral  
character. And at the same time  
the convicts would be free from the  
disease-breeding, soul-densening con-  
finement behind walls and bars, and  
have the uplifting influence of God's  
sunshine and pure air.

The antiquated penitentiary must  
be torn down. In its stead let us  
have a penal system which is up with  
the times, and which, while tending  
to reform instead of kill the convict,  
will be of profit instead of expense  
to the state.

## PRICE DOUBLED.

Chicago City Council Passes the  
Saloon License Ordinance.

Chicago, March 6.—As a step toward  
stamping out crime in Chicago, the  
city council passed an ordinance  
doubling the price of saloon licenses.  
Heretofore the price of a saloon  
license had been \$100, but commencing  
May 1 unless Mayor Dunne should  
vote the ordinance, all saloonkeepers  
will be compelled to pay \$200 for the  
privilege of selling liquor. With the  
price doubling \$500 Chicago has 7,017  
saloons. The saloon element put up a  
bitter fight against the high license  
plan, but the ordinance carried by a  
vote of 46 to 24.

It is said that the Schoepf-Morgan  
traction syndicate, which purchased the  
Appelberg properties, will buy the  
property of the First Presbyterian  
church, at Bellefontaine for a  
power house and station to be used  
when the Erie, Bellefontaine and  
St. Louis is extended to Lima.

## Everlasting War

The child is born with the final cause of death present in its  
body.  
From the moment of birth it goes through life with the one  
broad cause of disease ever present.  
Nature is waging a continuous battle against this enemy, and  
on her everlasting war depends your life.  
And you—  
Are you helping or hindering Nature in her fight?

NATURE'S WAR ON  
WASTE MATTER

Strike the table with your hand. By  
doing so you have worn out little  
particles of your muscles.  
Did you ever stop to think what  
becomes of this worn out muscle?  
Your physician will tell you that it  
changes into uric acid.

Every time you move you make  
uric acid, every time you eat too much  
you make more and so the blood is  
always full of it. But too much uric  
acid in the blood is a deadly poison.

Well, none people out of every ten  
you meet have an overload of uric  
acid in their blood. It causes nine-  
tenths of all chronic disease.

Have you Rheumatism of any kind?  
Uric acid has caused it by settling in  
the joints or muscles.

Have you heart disease, kidney  
trouble, cystitis, lumbago, catarrh,  
neuralgia or stomach trouble? Uric  
acid is the cause.

No matter in what part of your  
body uric acid settles in that part  
disease is present.

## HOW URIC ACID DISEASES BEGIN

Headache, poor digestion, biliousness, dry skin, darting pains, sleepless-  
ness, dark colored urine, in women, menstrual disorders, sluggish brain and  
shortness of breath. These are the beginnings of disease, the start of uric  
acid's fight against health.

**R** if you have any of these symptoms, or already have any disease  
which follows them, act at once. For the sake of your health don't  
delay. Come to Nature's aid at once. Take LIFE PLANT. Cure  
yourself by removing the cause—uric acid.

LIFE PLANT IS  
NATURE'S HELPER

A good workman always has a  
helper.

Nature is a good worker and a hard  
fighter, and she too has a helper.

You have just read how uric acid is  
ever present in your system, how it  
diseases different parts of your body.

Well, Nature works hard, fighting,  
getting rid of this poison, but when  
you feel badly there is too much uric  
acid present. Nature can't get rid of  
it alone, she needs help.

**LIFE PLANT** aids Nature, dissolves  
the uric acid and stops the system  
from making too much of the poison.

**LIFE PLANT** is a tonic. It makes  
the blood rich and pure, aids the  
stomach and kidneys and encourages  
the heart, tones up the entire system  
and makes a healthy body.

## NEXT SUNDAY

THE TWO CENT FARE ON OHIO  
RAILROADS GOES INTO EF-  
FECT.

The State Legislature has said  
that the railroads in Ohio must  
charge only two cents a mile for  
passengers, and this law goes into  
effect next Sunday, March 11th. The  
local railroad agents have not yet  
received their new rate sheets, al-  
though they are expecting them any  
day. Under the new law you can  
go anywhere in the State of Ohio,  
for two-thirds the amount you are  
now paying.

The following press  
dispatch from Chicago explains how  
the interchangeable mileage book  
will be cared for under the new law.  
At a meeting here today of the pas-  
senger officials of the Ohio railroads  
it was unanimously decided to put  
the two-cent tariff in effect. It was  
also decided to reduce all transpor-  
tation within the state to a two-cent  
basis and to regain the 1,000-mile  
mileage book. The latter will con-  
tinue to be sold at \$20 with a rebate  
of \$20, provided the book is used  
only by the purchaser. The book  
will be good in Ohio, but it will not  
be sold there unless the attorneys in-  
form the passenger men that it will  
be legal to do so. If it is legal the  
Ohio traveling men will have to  
purchase their books outside the  
state. The reduction of all fares to  
a two-cent basis will do away with  
convention rates and all excursion  
rates, which have frequently been  
as low in the state as one cent a  
mile. This act means the abolition  
of all charter rates and of clergy-  
men's permits for rates within the  
state.

It is now given out that on or  
about April first three of the finest  
combination passenger cars ever  
turned out of the Cincinnati shops  
will enter the service of the Ft.  
Wayne, Van Wert & Lima line,  
which will inaugurate at that time  
hourly service for the towns and  
cities on its line, and cut the time  
between Lima and Ft. Wayne to a  
two hour service, a recognized ne-  
cessity, and which will result very  
beneficially to the road financially,  
by increased travel. The interna-  
date crossing stops will be made  
every two hours, as now. The  
tracks are to be leveled up and re-  
built as soon as the ground set-  
tles, and put in first class shape for  
the new service. The Ft. Wayne,  
Van Wert & Lima company is one of  
the most thoroughly equipped and  
valuable lines in the whole country,  
and while still in embryo, is no longer  
an experiment. Its future is as-  
sured, and it is destined to form an  
important link in the great East and  
West Trolley Trunk lines that are  
destined to form a great system in  
the near future.

FOSTER'S  
WEATHER.

THE SAGE OF ST. JOSEPH GIVES THE PUBLIC THE BENEFIT OF ADVANCE INFORMATION.

A storm will visit the Central States the 7th to the 9th and will be accompanied by a warm wave the

7th and a cool wave the 10th. This disturbance will be moderate till it reaches meridian 90, after which it will increase in the North-eastern states and Eastern provinces. Not much precipitation may be expected till after 21st, heavy rains are probably not far from 24th. About and immediately following March 3rd, a cold wave will be progressing Eastward across the continent causing the most disagreeable weather of the month and immediately following it will come a great high temperature wave that will cause two or three weeks of mild weather and a shortage of rainfall.

## CHAPTER XXIII.

THE morning paper, which the maid brought to Ann while she still drowsed in her bed, contained the news of Louis' arrival at Raymond's cabin and his collapse.

"All the early part of the night," the reporter went on to say, "bands of clamorous men marched from mine to mine, calling upon the gangs to lay down their tools. Only two firms remained unharmed—Reese Bros. and Kelly & Raymond. In the midst of all this turmoil," said the reporter, "Raymond, one of the men most concerned, was standing guard over a sick boy and would not leave his side for a moment." Ann gloved with a sense of deep obligation to that watcher.

Mrs. Barnett knocked on her door and called, "Have you seen the papers, Ann Marie?"

"What are you going to do?" "I am going up there."

"How can you go, with that mob in possession? You must not go! It isn't safe for you, and I will not consent to

**COUNCIL LAST NIGHT AUTHORIZED THE PURCHASE OF THE STEWART AND McCULLOUGH PROPERTY OR THE CONDEMNATION OF SAME.**

As has been stated in the Daily News from time to time, the Board of Public Safety has been looking for a site for a new central fire department, also to be used as a central police station.

A number of sites have been considered, but the Stewart property, at the northwest corner of Central avenue and High street and the McCullough property adjoining, fronting on Central avenue, were decided upon as the right place for the new city hall, and at the regular meeting of the city council last night, the Board of Safety so recommended, and was authorized to either purchase or condemn the property.

**AND WAS ARRESTED CHARGED WITH DISORDERLY CONDUCT.**

Owen McDonald, a blacksmith, arrested yesterday for disorderly conduct, was arraigned before Mayor Robb this morning, charged with disorderly conduct, pleaded not guilty and his hearing was set for tomorrow afternoon at two o'clock.

McDonald, together with Robert Haines and John Haines, visited the blacksmith shop of "White" Miller, so the story goes, and it is charged that during the trouble that followed McDonald threw a pair of tongs at Miller striking him in the breast.

**PETITION**

**PROHIBITING THE DRILLING OF ALL WELLS WITHIN THE RESIDENCE DISTRICT OF THE CITY WAS LAID ON TABLE.**

At the meeting of Council last night a petition signed by about three hundred tax payers was presented asking for legislation which would prohibit the erection of derricks, or the drilling or operation of oil wells within the residence district of the city. On motion of Mr. Odell, seconded by Mr. Collins, the petition was tabled. It is rumored that certain parties have secured a tract of ground on the West Side on which a test well will be drilled immediately. That section has been immune from prospectors for many years, but it seems that several have the nerve and cash to try it again.

**PASSES**

**HAVE BEEN ABOLISHED BY LIMA FAIR BOARD.**

At the last meeting held by the Allen county fair board it was unanimously decided to hereafter cut out all passes, and the advertising was limited to \$1,000, inclusive of stationery and special attractions for fair days. A new constitution was adopted which provides that each township shall be entitled to one member on the board, which shall consist of fifteen persons. All members will be elected to serve three years, Lima to have three representatives. The superintendents of department as chosen, are as follows: Horses, except speed, G. R. Petter, speed horses, Kirby White, cattle, J. A. States, sheep and swine, U. M. Cochran, poultry and manufacturers.

**CHARGE**

**OF HABITUAL DRUNKENNESS MADE THE GROUNDS FOR A DIVORCE THIS AFTERNOON.**

Orpha M. Wallerise this morning filed a petition for a divorce from her husband, George W. Wallerise. In the petition she states that they were married in August, 1896, at Wapakoneta, and have one child. She alleges habitual drunkenness and abandonment as grounds for the action.
